MacKenzie River™ Continues to Spread Happiness *MacKenzie River Pizza, Grill & Pub™ Opens in Fargo, ND.*

WHITEFISH, Mont., December 3, 2018 – MacKenzie River Pizza, Grill & Pub’s second North Dakota location will open to the public at 11:00am on Monday December 10, 2018. The new location, 819 24 Avenue East in West Fargo, will be the fourth location for franchisees Lance and Shoni Robinson.

“Shoni, the team, and I are so fired up about our official opening on Monday. Everyone has put in so much time and passion to get us here, and we know the community will love our scratch recipes and the fresh ingredients we use for our gourmet pizzas, juicy burgers, fish tacos and other offerings. We are also excited about our beverage offerings including specialty cocktails, craft beers and our exclusive Driftboat Amber Ale®, brewed by Great Northern Brewing Company out of Whitefish, Montana,” said Lance Robinson, franchisee of MacKenzie River in Fargo, N.D.

The MacKenzie River concept delights diners with its scratch kitchen delivering an innovative menu with mouth-watering food choices, creative specialty cocktails and diverse beer selection. From parents with kids, to senior citizens and everyone in between, guests can always find a way to have it all at MacKenzie River. The casual rustic atmosphere is achieved with refurbished and felled lumber furnishings, antique outdoor sportsman finishes and photographs that depict the heart and soul of the Rocky Mountains.

MacKenzie River has 28 locations in eight states with more locations to come. These include Montana, Idaho, Washington, North Dakota, South Dakota, Indiana, Kentucky, Ohio, and Nevada. The expansion plan for MacKenzie River has the brand growing across the country with both franchise and corporate locations. In August 2017, Nation’s Restaurant News ranked MacKenzie River as one of the top “2017 Next 20 Restaurant Brands.” The honor was given to those restaurants who showcase not only the spirit of innovation and excellence in execution, but who are “making waves, building on existing bases or maintaining momentum in the face of general segment slowdowns.”
